EUROL HD LUBE FOR CHAIN+GEAR

Transmission oil for Harley Davidson motorcycles

Eurol® HD Chain and Gearbox is suitable for gear boxes working under high speed/low torque and low speed/high torque conditions.

Eurol® HD Chain and Gearbox is recommended for Harley Davidson motorcycles as well as for many other brands, providing that no API GL-5 transmission oil is prescribed.

Eurol® HD Chain and Gearbox contains additives to protect against corrosion, oxidation and foam building. Moreover, it has a good low temperature fluidity. At high temperatures, a sufficiently great film-strength is guaranteed.

Eurol® HD Chain and Gearbox has especially been formulated to meet the requirements of Harley Davidson models XL and XR, from 1971 and newer.

PERFORMANCE

TYPICAL PROPERTIES

Chain and Gearbox		
Density 20C	Kg/L	0.882
Viscosity 100C	cSt	14.1
Viscosity 40C	cSt	127.2
Viscosity Index		109
Flash point COC	C	210
Pour point	C	-27

AVAILABLE VOLUMES

E110023 - 1L, E110023 - 60L
